<input type="checkbox"/> Memo to a Supplemental IEE file	Provide DCN:	
<input checked="" type="checkbox"/> Memo to a RCE/IEE file	Provide DCN:	
<input type="checkbox"/> Memo to an ERC file	Provide DCN:	
Implementation Start/End:	Jan 2014/ Dec 2016	LOP: 2 years
Funding Amount:	478,223	LOP Amount: \$478,223
Contract/Award Number (if known):	AID-383-A-14-00003	

1. Purpose for the Memo to the File: To align the IEE with the award end date.

1. Purpose for the Memo to the File:

The project “Manufacturing Affordable Prosthetic Feet in Sri Lanka” implemented by Centre for Handicapped received a \$17,000 TEC increase for the LOP. The cost extension will support ongoing activities with no change in the scope of work. The request for this memo to file is to extend the end date of the award to December 31, 2016. Due to delays in the implementation of the project, the 2 year project did not start September 2013 as stated on the original IEE; it started January 2014 and will close out December 2016.

2. Climate Change:

Adaptation/Mitigation Measures: The majority of activities for this program have a categorical exclusion determination. Current activities will be reviewed by the AOR in collaboration with the IP and activities for that are determined to impact the environment, efforts will be made to incorporate adaptation and mitigation measures to mitigate environmental impact.

3. Threshold Decisions, Limitations of the IEE and Revisions

All approved Threshold Decisions, Limitations and stipulation for revisions remain the same and in force through the extended life of the project.
